

Apparel Displays

Showroom space is valuable and it is essential to get the most yield out of every square foot. Mercer's new apparel displays efficiently organize jackets, pants, shirts, aprons and hats in a minimal amount of space.

Item numbers and sizes clearly labeled on front of the bag

Color headers show product in use and attract attention

Locking ring for display of aprons

Convenient mirror included

Waterfall hook displays jackets in 4 sizes and shirts in 3 sizes for customers to find the right fit

Jackets and pants are neatly displayed one size per hook. Behind them are tags that provide item numbers for easy reordering

Display includes casters for easy mobility

Apparel Displays

Each display comes with 4 grid panels on a mobile base, peg hooks, baskets, hangers, mirror, reorder tags, full color headers, and jackets, shirts, pants, aprons and hats to fully stock the display, plus jackets and shirts for customers to try on for sizing.
